PROFILE

3D artist making game-ready props and environments in Blender, Substance and Unreal Engine. Recent BSc (Hons) Games graduate with contract experience on INFINITY27's *Samsara*. Looking for a full-time 3D artist role in the UK or remote.

EXPERIENCE

3D Artist (contract), INFINITY27 2026

Polished Shri Devi's Dice, an offhand weapon for *Samsara*, for the shipping build, mainly the texturing and in-game physics. Submitted work through Perforce, with tasks tracked in Hansoft.

3D Art Training Bootcamp, INFINITY27 2026

Four weeks working to the studio's brief and art style. Took the item from research and ten silhouettes to a 15,552-triangle, textured asset with physics in Unreal Engine. Finished with a certificate and a contract offer.

Game jams and personal projects Ongoing

Props, environments and characters, including most of the art for a Norse mythology FPS. float.itch.io

SELECTED PROJECTS

Stylized Crystal Cave 2026

Modular environment kit in Unreal Engine, built as a tool for level designers: 13 architecture pieces in 4,070 triangles, a shared trim sheet and a tileable floor from Substance 3D Designer. Graded 82%.

Ritual Prop Set 2025

A sacrificial dagger, ritual table and cultist tent designed as one set, each with full PBR map breakdowns.

Character Rig & Animation 2025

Maya rig with IK/FK arms, finger controls and head space switching, driving eight game animations in Unreal Engine. Graded 88%.

EDUCATION

BSc (Hons) Games 2025–26

Newcastle College University Centre. Final project 82% (high distinction).

Foundation Degree, Games Technologies 2023–25

Newcastle College. Rigging and animation module 88%.

BTEC Level 3 Extended Diploma, Games 2021–23

Newcastle College. Creative Digital Media Production, D*D*D.

SKILLS

- Hard-surface and stylised props
- Modular environment kits
- Trim sheets and tileable materials
- High to low poly, UVs and baking
- PBR texturing and channel packing
- Unreal Engine import, materials, physics and lighting
- Rigging and animation in Maya

SOFTWARE

Blender, Substance 3D Painter, Substance 3D Designer, Unreal Engine, Maya, Unity, Photoshop, GIMP, Krita, PureRef

PRODUCTION

Perforce, Hansoft, Miro
